Dear friends in Chile and Multimaq,

We were astonished and saddened to hear about the destructive earthquake in Chile on February, 27<sup>th</sup> 2010. It is truly a national disaster, causing tremendous loss to the whole nation, with physical and emotional devastation. We know that hundreds of lives were taken, millions of houses collapsed, and thousands of Chilean citizens were made homeless. Unfortunately, China experienced the same disaster in Sichuan Province as well in 2008. We understand your suffering and we grieve with you.

Yet, seeing the related videos and photos, we admire your endless efforts to overcome the disaster and save lives. Your government and citizens have come together to recover. Despite the calamity, we pray that you and your countrymen are safe after the earthquake. We know from our experience that it is possible to bond together, not as government and citizens, but as neighbors, friends and countrymen who can grow even stronger after such an event.

To support the rescue efforts during this emergency and during the necessary reconstruction, LiuGong is pleased to donate a LiuGong CLG225 Excavator to the Chilean government. In addition, we are providing a \$20,000 USD donation to our esteemed Chilean dealer, Multimaq, to support the rebuilding of the Concepcion dealership, which is an important part of the community.

We hope this donation, in some small way, assists your monumental task. We also hope the people of Chile will know that their friends in China are encouraging them during this difficult time. We are blessed to live in a world where we can think globally and act locally. We hope you will accept our small contribution and use it in a big way.

Best wishes to you,

Chairman: Wang Xiaohua

President: Zeng Guang'an
